

BEST PRACTICES OF ACADEMIC YEAR: 2017-2018

PRACTICE NO. 1

1. Title of the Practice: SCHOOL INTERNSHIP FOR ENHANCING TEACHING SKILLS
2. Duration: 6 MONTHS IN THE 3RD SEMESTER
3. Objectives of the Practice: • To enhance teaching skills among students. • To make them aware of the functioning of school administration. • To familiarize with the school environment.
4. The Context: The learning experience in life will ultimately lead to the overall personality development of students including social and Professional life, secondly, it will lead to the development of practical knowledge of students, thirdly, these practices will also establish them as teachers for the future.
5. The practice: These practices will certainly enhance the skill development of our students, improve their theoretical and practical knowledge, and will also, help them to become a good teacher of India with enriched values of our culture.

6. Problems Encountered and Resources Required: Allotting schools to various students with the consent of DEOs of other districts is a major problem. Manpower is also required to monitor the progress of the internship time to time.

BEST PRACTICE NO. 2

1. Title of the Practice: To Create Environmental Consciousness
2. Duration: 01/8/17 to 31/8/18
3. Objectives of the Practice: To sensitize future teachers to acquire knowledge, skill, and attitude about environmental protection conservation. • To make their surroundings neat, clean, and green. • To bring consciousness in the community regarding environmental conservation
4. The Context: it is very important to develop a positive attitude of prospective teachers to be aware of the conservation of the environment . This practice makes prospective teachers more conscious of the environmental degradation and their responsibility towards the environment by organizing various programs on the respective issue.
5. The practice: There is a need to spread environmental awareness in the context of emerging environmental problems. To achieve the above-said objectives the college has Online inter college poster and slogan competition on World Environment Day, the college also developed ‘Nanak Bagichi ’ to plant various medicinal and seasonal saplings to spread the message of ‘ Save Environment’.
6. Evidence of Success: College campus has more green areas than built-up areas. The local community uses our campus for morning walks, morning yoga activities many NGOs take our green playground for organizing their programs.
7. Problems Encountered and Resources Required: Covid-19 pandemic has catastrophic impact on the execution of major activities college tried its best to execute these activities through online Platforms.
